WHY JOIN FERPLAY ?

QUALITY IS OUR CORE VALUE

- **ISO 9001 Certification since 2011**

Ferplay has been committed to excellence, adopting a rigorous and systematic approach to enhance our organization and production processes. We undergo annual audits conducted by Bureau Veritas, ensuring continuous internal and external assessment of our manufacturing processes. This commitment mandates a consistent level of quality and service, as mandated by the ISO 9001 standards.

- **Unwavering Commitment to Product Quality and Durability**

Central to our ethos is the responsibility we hold towards our customers, ensuring the highest quality and durability of our products. By maintaining global control over our product lifecycle, we pledge to deliver equipment that consistently exceeds expectations and ensures customer satisfaction.

- **Compliance with European Standards**

In adherence to the latest European standards (EN 13241+A2), Ferplay has successfully validated over 100 certificates through the certification laboratory (CSTB). Our extensive range of manual and motorized industrial gates meets stringent safety and quality requirements, reflecting our dedication to providing products that are not only durable but also compliant with safety regulations.
